

## Handmade wrought iron portiere â€“ made to measure up to 1100mm

Product Code: CPPORTSTD16

Wrought iron made-to-measure portiere rod with a choice of five beautiful handmade finials. Our Forged Ball, Smooth Sphere and Button portieres are priced Â£120 and our distinctive hand forged Curl and Shepherdâ€™s Crook portieres, at Â£135. A portiere rod, also known as a door curtain rod or a French door rod, is a type of curtain rod/pole designed specifically for hanging curtains or drapes over a door frame. Our handmade to measure wrought iron portiere rods have a simple but sturdy hinged bracket, which may be fitted to the wall beside your door or to the adjacent wall, allowing you to swing it back and forth over your doorway with ease, to keep out the cold and keep your home

### Additional Information

- made to measure up to a maximum length of 1100 mm
- made from 16 mm solid wrought iron pole
- wall bracket dimensions: 50mm wide x 230mm high x 35mm depth from wall
- stand-off from the wall to the centre of the pole - 25mm
- made with your choice finial - button, forged ball, smooth sphere, shepherdâ€™s crook or curl
- if fitting beside the door, measure the distance between the edge of the bracket and the end of your chosen finial (see diagram)
- if fitting to the adjacent wall, measure the distance between the wall and the end of your chosen finial (see diagram)
- when measuring, ensure your portiere extends beyond your doorway so it will cover any draught at the edge
- available in natural black finish only
- curtains are often hung directly on to the portiere pole (see image) with tab-tops etc, but if using rings, select the number you require, we suggest a minimum of one per 8cm (sold separately)
- portiere pole may be easily removed from wall bracket in summer if desired
