

Thistle Firepit

Product Code: GWFIREPITTHISTLE

New to the range of handmade ironwork for 2023 is our Firepit - inspired by the shape of a thistle, this spectacular creation is a sculptural piece for the garden or patio. A fully functioning firepit allowing logs to be burnt when required whilst also being a beautiful product on display when it is not lit. 48 individual 'leaves', all precisely laser cut and arranged in the solid base and featuring a removable ash catcher making it easier to clean once the fire is safely out. The untreated mild steel is designed to gently weather over time. Each firepit is made to order and has a diameter of 850mm and is 650mm tall. The overall weight is 70kg.

£1,200.00
