

## Hexagonal Log store - single

Product Code: GWLOGHEXSGL

Inspired by the beehive, our hexagonal log store is crafted from zinc coated steel plate to provide a weather resistant storage solution for any discerning wood-burning home. The neatly stackable units are available individually or as a triple set. Single hexagons measure 820mm wide, 690mm high and 400mm deep allowing plenty of logs to be stacked ready for the colder months.

**£175.00**
