

## Mitre - wrought iron standard lamp

Product Code: SLMITRESL1450

Our handmade wrought iron Mitre standard lamp is part of our unique Mitre design range. It's hand forged legs are riveted to a solid round base and brought to a head at the top with decorative curls wrapped together with a ribbon of steel. A distinctive floor lamp inspired by the shape of the bishop's Mitre hat and the favoured design of one of Yorkshire's most renowned Michelin starred chefs for his restaurants and its stunning profile is an authentic Nigel Tyas classic. The Mitre floor lamp is available in two finishes of either natural black or light burnished steel to suit your preferences. This tall floor lamp is the largest in our range of our Mitre lamps, with overall dimensions of 1450mm to the top of the fitting (not including shade) and a base diameter of 350mm. This lamp works best with one of our 20" round shades and a LED BC bulb up to 10W. Please note shades and bulbs are sold separately.
