

Mitre - wrought iron table lamp

Product Code: SLMITRETL500

A distinctive table lamp inspired by the shape of the bishop's Mitre hat. The Mitre table lamp is hand-forged by skilled blacksmiths in our rural Yorkshire forge, and its stunning profile is an authentic Nigel Tyas classic. The Mitre table lamp is available in two finishes of either natural black or light burnished steel to suit your preferences, and is coated with a protective clear lacquer to prevent any blemishes or abrasions to the finish. This large table lamp is also available in a smaller size and along with the matching floor lamp make a great statement piece in a living room or dining area. The overall height of the Mitre table lamp to the top of the bayonet is 500mm, with an overall base diameter of 205mm. This height does not include the shade. The Mitre table lamp is compatible with our round shades that are available in a range of colours to suit you. We recommend a shade with a 355mm base diameter, and a LED BC22 bulb with a maximum wattage of 10w. Please note that the lamp shades and bulbs are sold separately.
