- coated with a protective clear lacquer

Silkstone - wrought iron table lamp

Product Code: SLSILKTL590

This handmade wrought iron table lamp features a hand-forged base and forged ball details that add elegance and craftsmanship to practicality. An adjustable height and repositionable head makes the Silkstone the perfect desk or reading lamp. A matching, standard lamp is also available in the range. Our Silkstone lamp is designed and made in the UK by skilled blacksmiths in our rural Yorkshire forge. This lamp is available in two finishes of either natural black or light burnished steel and is coated with a protective clear lacquer to prevent any blemishes or abrasions to the finish. The overall height of the Silkstone table lamp is 460mm - 560mm, excluding the lamp shade. The overall base diameter is 250mm. This lamp has a BC bulb fitting and is compatible with a 100w maximum bulb (including LED bulbs) which are sold separately. Our collection of glass lamp shades are also sold separately; we would recommend a 150mm diameter shade. This lamp has a cable fitted, in-line switch.
