

Smooth Sphere curtain pole finial - to fit 22mm pole

Product Code: CP22FINSSPHERE

Handmade wrought iron smooth sphere finial - a classic design of hand forged finial, the smooth sphere is such a universal finial design. All our traditional poles have removable finials. Each finial is crafted with an easy to install push fit, held into the pole with 2 rubber rings. If you prefer a finial forged into the pole itself be sure to look at our solid 'cottage poles'. As with most of our components, these finials are sold as singles for you to create the ultimate customised package for your home.
