

Blanking curtain pole finial - to fit 22mm pole

Product Code: CP22FINBLANK

Handmade wrought iron blanking finial - the slimmest and most subtle of our hand forged finials, this little steel disc provides a neat cap to the end of your made to measure traditional pole. All our traditional poles have removable finials. Each finial is crafted with an easy to install push fit, held into the pole with 2 rubber 'O' rings. If you prefer a finial forged into the pole itself be sure to look at our solid 'cottage poles'. As with most of our components, these finials are sold as singles for you to create the ultimate customised package for your home.
