

Thurlstone - wrought iron wall light

Product Code: WLTHURLSTONESMALL

A decorative handmade wrought iron wall light with downturned lamp holder. Designed and made by our artisan blacksmiths here in Yorkshire, the long tapered arm of the Thurlstone is forged from solid steel and interlinks with the swan neck steel tube that carries a range of shades (sold separately). Made to fit a standard BC22 bulb, the British made brass lamp holder will fit most shades with a 28mm neck hole like our frosted bell or alternatively a fabric shade is a great choice. This wall light is 470mm tall overall and the forged steel backplate is flush mounting although we can modify to accept a back box if required. Contact us for details.

£295.00

Availability - Dispatched 5 - 6 weeks
