

Made-to-measure traditional curtain pole

Product Code: Made-to-measure traditional curtain pole

Order your made-to-measure wrought iron curtain pole with hand-forged finials following six simple steps below. The price of your pole will be calculated as you go and shown above. All finial design choices are shown in images. [Please note, this new express builder creates a straight pole with finials at both ends - it includes your specified length of pole, two finials and two or three standard brackets. For curtain poles in settings which need specialist brackets, please order poles, finials and brackets separately via our

[Curtain Poles](#) product page as usual.]
